Charles H. Daggett, Managing Principal of Mohr Partners, Inc., is a recognized leader in the Corporate Real Estate Advisory Services field. He has vast experience representing primarily Fortune 500 and Fortune 1000 clients on their strategic portfolio planning, corporate headquarters transactions, lease renegotiations, build-to-suits, sale-leasebacks, dispositions, portfolio repositioning, portfolio audits and complex transaction requirements.

Charles formed Mohr Partners’ Arizona office in Phoenix in 1995 and has built a strong team of experienced professionals that have had tremendous success in both the local market as well as in national and international representation for the firm’s clientele.

Charles serves on the Executive Management Advisory Board for Mohr Partners with responsibilities in oversight of the firms’ national offices. The Executive Management Advisory Board is also responsible for the recruiting of new offices for the company, for which Charles is actively involved.

Charles and his co-Managing Partner, Dina Zavislak, along with their teams routinely manage hundreds of transactions for portfolio clients with transaction volumes exceeding $300 million at times.

The clients represented by Charles and his team have also benefitted from Charles’ expertise in Strategic Portfolio Optimization and Workplace Utilization Strategies. Charles’ team has assisted clients in evaluating trends in the global real estate market and current opportunities to hedge future costs against these trends. The proactive management of client portfolios through strategic planning, portfolio optimization analyses, benchmarking, key performance index portfolio management, workplace solutions and advanced financial metrics reporting have proven invaluable for the portfolio clients represented by Charles and his team.

Charles has also developed expertise in representation of engineering firms over the past 15 years. A partial list of current clients in the engineering industry includes CDM Smith, Kimley-Horn, GHD, Kleinfelder, Carollo Engineers, David Evans and Associates, Vanasse Hangen Brustlin, Haley and Aldrich, GEI Consultants, and Antea.
